

DRUNKQUEST™

NJD430101 | MSRP \$34.95

DrunkQuest is a game for 2 to 6 players that is an actual drinking game! DrunkQuest is a fantasy-based card game with fast-paced gameplay and a sense of encouraged competition – and drinking. This fast, fun, drinking game mixes quick card game mechanics with classic fantasy adventure themes to create a party game like no other!

In **DrunkQuest** players must defeat monsters in Drunk Combat! Each monster has a drink value that must be taken in order to defeat it. But it's not easy when other players are trying to stop you from defeating your monster using their cards to add drinks to the difficulty or even stealing it for themselves. Each monster defeated grants a level. The first player to reach level 6 wins!

DrunkQuest is a party game like no other, blending gamers' love of traditional fantasy adventure games with riotous drinking action. That unstable kegerator will never know what hit it!
