

PREDATOR YOUNG BLOODS

NJD410320 | MSRP \$44.95

Predator Young Bloods are a trio of finely detailed 32mm miniatures for the Predator forces in *Alien v Predator: The Hunt Begins*. Particular and precise, **Predator Young Bloods** differ from their Hunter counterparts, employing menacing melee attacks that devastate any who cross their path. **Predator Young Bloods** are an exciting addition to *Alien v Predator: The Hunt Begins*, allowing players new abilities that both enhance gameplay and shake-up strategies aboard the *USCSS Theseus*.

The terror and tension grow with this collection of highly detailed miniatures based on the creatures from *Alien v Predator* universe. Expanding gameplay with new characters, abilities, and tactics, each unique add-on challenges players to devise smarter stratagems to secure victory. **Predator Young Bloods** are a tactical trio ready to rend and ravage any threat that stands in the way of their quest for domination.
