

HUCKLEBERRY'S RIVERBOAT ROLL

NJD020401 | MSRP \$29.95

Huckleberry's Riverboat Roll is an exciting addition to the sci-fi western board game, Rail Raiders Infinite. When players are ready to take a break from snagging booty and ducking the Lawbots in Rail Raiders Infinite, they can gather around the poker table and play to take their fellow player's double dollars. **Huckleberry's Riverboat Roll** is a betting dice game, the object of the game is to win every other player's [\$\$] tokens, using the custom poker dice. Players achieve this by playing a series of rounds, where players roll their dice and build a hand, bet on the hand, and then either win by having the best hand or by having every other player fold. Players' hands stay hidden behind the beautifully illustrated double-sided dice blinds and are only revealed once the betting is done.

Huckleberry's Riverboat Roll is a part of the expanding world of Rail Raiders Infinite; the rousing railway board game like no other! The Riverboat Roll can be played separately from the fun of Rail Raiders, or can be a part of the game as the Raiders take a break from dodging the law and compete against one another for all the money! **Huckleberry's Riverboat Roll** also includes enough Rail Raiders Infinite Dice to allow for more players to join in the fun in Rail Raiders Infinite! It also can replace the Double Dollar Tokens included in Rail Raiders with the Double Dollar Plastic Tokens from the Riverboat Roll. This is sure to be a fun addition to game nights worldwide!
