

THE AGENTS: MISSION CRITICAL
NJD411102 | MSRP \$19.99

The Agents: Mission Critical is the first expansion for The Agents by Saar Shai. This 40 card pack includes two versions of 20 new unique mission cards to add to the base set. Simply shuffle these new missions into the existing missions and you're all set!"

The Agents is a tactical, turn-based card game of spies, secrets, and subterfuge for 2 to 5 players. Using agents of different skills and talents, players compete to connect factions of agents, complete missions and emerge with the most intelligence points. Easy to learn and quick to set up, **The Agents** also encourages thoughtful tactics and shifty strategy to win.

The Agents features over 85 beautifully illustrated cards in an edgy spy motif. With 40 agent cards, 40 mission cards, and 5 safe house cards, the game encourages players to carefully strategize yet remain flexible in planning out their missions, much like spies in the field. Thanks to shared factions, players must also monitor each other as every action potentially ruins plans while furthering others.
